

Alkesh Jethava

Senior Software Engineer

+91 70467-37008 | alkeshjethava@gmail.com | [Linkedin](#) | [Portfolio](#)

Summary

React Native developer with 5+ years of experience building 20+ production apps across e-commerce, healthcare, fintech, and real-time systems. Strong in scalable architecture, performance, and full-cycle delivery.

Skills

React Native, TypeScript, JavaScript, REST APIs and Native SDK Integration, Redux Toolkit, Firebase services, Payment Integrations, Performance Optimization, Local Storage, OTA

Tools: XCode, Android Studio, Postman/Swagger, Jira/Asana, Figma

AI Tools: Cursor, Codex and Claude Code

Experience

Senior Software Engineer - [Giriraj Digital](#) | [Applications](#)

Ahmedabad, India | February 2023 - Present

- Built and maintained **10+** production React Native applications across healthcare, ERP, and enterprise domains
- Improved app performance by **20–30%** through rendering optimization, memory handling, and API efficiency
- Reduced crash rates and improved stability through debugging, logging, and production issue resolution
- Implemented real-time features and push notifications (Firebase FCM) across multiple apps

Software Engineer - [ManekTech](#) | [Applications](#)

Remote | November, 2021 - February 2023

- Delivered apps with **5K–10K+ users** including platforms like Rand Water, and Kcal
- Contributed to apps like **H&M** (Alshaya) and optimized API handling and reduced latency in data-heavy screens
- Collaborated in a remote team environment, delivering production-ready features on schedule

Software Developer - [The Algorithm](#) | [Applications](#)

Remote | October, 2020 - November, 2021

- Built and shipped **5+ mobile applications from scratch** across healthcare and education domains
- Collaborated closely with backend teams to ensure smooth API integration and feature delivery

Education

Bachelor of Computer Application

[SSSDIIT](#) - Junagadh, Gujarat

Languages

Gujarati, Hindi, English
